BESPOKE

English furniture maker Benchmark has been making bespoke furniture for restaurants, hotels, offices, public buildings and private clients across the UK and internationally since 1985. They have a passion for craftsmanship and design, and a commitment to sustainability.

In addition to being sole licensed manufacturer for the Wales & Wales collection of street and park furniture, Benchmark offer a bespoke service for public space projects. Outdoor commissions include commemorative benches for Hereford Cathedral, the design and build of a pavilion for the National Trust, the Alnwick Garden Pavilion and a bespoke outdoor seating area for the Woodland Trust Headquarters.

Benchmark is one of the most technologically advanced workshops in the UK, employs a team of 40 craftsmen and has a full service design studio. It was the first furniture maker to win the Queen's Award for Enterprise in Sustainable Development and has FSC and PEFC certification.
